TIRED OF GUESSING

which essential oil, or product your body needs?

LET **iTOVi** HELP

The iTOVi scanner combines bio-impedance, pressure sensor, temperature, and Blue-tooth® Technologies to personalize wellness evaluations. With just a simple scan, this pocket-sized tool can help you understand what products your body responds to. Using proven scientific technology & a patented algorithm, iTOVi takes the guesswork out of the growing world of essential oils, supplements and products.
